

# JOIN THE CREW, OPEN THE TRAIL

## Trail Clearing Day

Saturday, April 26

8:00 a.m. – 1:00 p.m.

Volunteering is the act of giving your time and services to another person or organization without the expectation of monetary rewards. *You do get lots of benefits, though!* **JOIN US** for a volunteer work day at Pfeiffer Nature Centers' Eshelman Property as we clear shrubs and trees and reroute some rocks in preparation for a new trail. Come on out and build some trail!

## How can I help?

We are looking for volunteers who are willing to get their hands dirty, break a sweat, take a prick or scrap from a thorn, and are not afraid of a little manual labor! If you think you can handle this we would like your assistance in developing a new ¼ mile trail extension at Pfeiffer Nature Center – Eshelman Property. This trail will connect the lower Eshelman Loop to another relatively new trail on the west side of Yubadam Road.

## What do I need to bring?

A wide variety of tools are needed to layout, construct, and maintain trails. We will be performing many different tasks that will require different tools and protective equipment for the various tasks. *Items a trail worker should bring:* gloves, safety glasses, pruners, loppers, pole saw, shovel, rake, chainsaw and power weed cutter with brush cutter blade.

## Who do I call?

To sign up to provide a helping hand at Pfeiffer Nature Center - Eshelman Property, please call Jason Burt at 716.380.6623 or email to [burt.jase@gmail.com](mailto:burt.jase@gmail.com).
